Summer Movies Steal Back Into Downtown Bangor!

Beginning in late June, River City Cinema will present its yearly free-to-the public outdoor film series for 6 Friday nights. Your company can help bring this unique, joyful community event to the Bangor region and get its name up on the silver screen!

Sponsor the series! Picture a warm Maine evening. Hundreds happy filmgoers in lawn chairs experiencing film classics under the stars in Pickering Square. Picture people—even those who live close by—discovering Downtown

Bangor and all it has to offer. Picture your

company's name and message projected on our story-high screen! Last summer, hundreds of people came together to enjoy every one of our movies in our "Summer Camp" series. This year we'll be featuring some of the most ingenious (and not so ingenious) criminal masterminds—and their law-protecting nemeses, in six classic cinema capers. You'll learn, step-by-step, from the experts, how to pull off swindles, larcenies, schemes, stickups, and other perfect crimes as we present "Heist School Confidential"! (Neither River City Cinema nor the filmmakers can be held responsible if you get caught.)

What Price Fame? There's no business like show business—and like every other business, it takes money to run. Promotion, public performance licensing, feeding the volunteers, and the other expenses that go

along with showing movies outdoors can really add up. Starting at a mere 300 dollars, you can help sponsor this summer's "heist" movies. As our thanks we'll put your business up on the BIG screen, on a very cool poster, and a link from our Web site. What a bargain! (If you're

able to help us even more, we have other sponsorship levels, some that give year round. Contact us for details.) Last year, over ten local businesses signed up to show their support for our series. In these tough economic times, your company has a chance to shine and help River City Cinema continue to bring our community the gift of FREE Friday night fun.

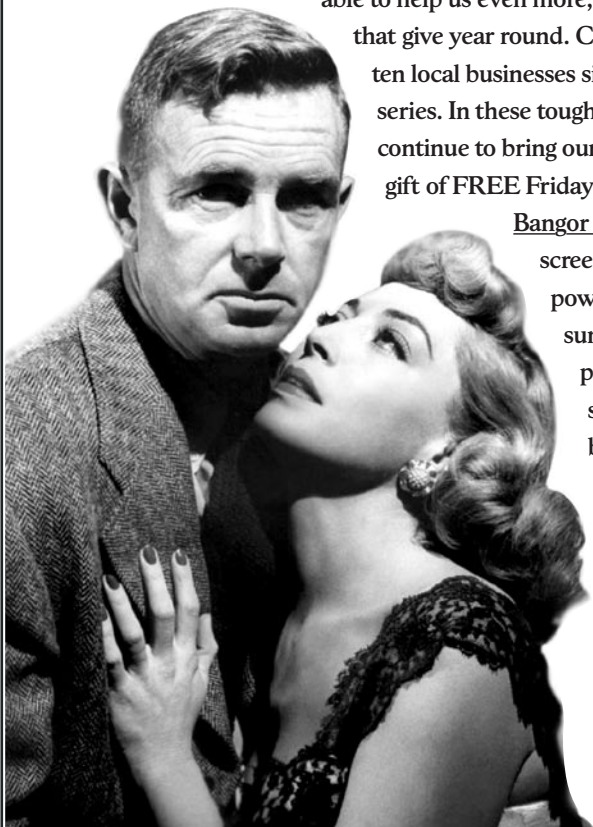

Bangor Metro calls these screenings "...a simple, powerful piece of summer joy", so please join us and see the joy you can bring to our region.
